

## Ag & Heavy Equipment Technician

Stewart's Equipment is a large multi-lined equipment dealership with locations in Erin and Cookstown, Ontario. Our major lines of equipment include Kubota, Case and New Holland along with many other short line brands.

We are currently looking for an individual who is passionate, dedicated and willing to grow their knowledge. As an **Agricultural and Heavy Equipment Technician** you will be repairing, maintaining and diagnosing equipment such as tractors, excavators, skid steers, balers, discbines, snowplows and much more. This position has a benefits package and competitive pay based on experience.

### As a Technician You Will Be Able To:

- Diagnose and troubleshoot equipment issues
- Make repairs in a timely and accurate manner
- Assemble and PDI equipment
- Fabricate and weld repairs
- Create detailed reports on repairs performed
- Create quotes for repairs and accomplish on target
- Attend update classes and complete online training as required

### Requirements:

- High school diploma
- Two years of mechanical experience, license preferred
- Own tools
- Valid Drivers License
- Can work independently and be a part of a team
- Polite and helpful attitude
- Basic computer knowledge

This is a permanent full-time position, which includes a rotational Saturday shift. This position also has an opportunity as a road/on call technician. Positions available at both Erin and Cookstown locations.

If you can handle a fast-paced working environment while still providing a safe and clean working zone, please submit your resume to Laurie Stewart.
