Snow doubt about it!!!

When it comes to winter snow removal equipment, Stewart's Equipment stands out as the trusted choice for quality, reliability, and service. With decades of experience serving both homeowners and professionals, Stewart's offers a carefully curated selection of industry-leading brands known for performance in the harshest winter conditions. Whether you're looking for snow blowers, plows, or salt spreaders, our expert team will help you find the right equipment to match your specific needs and budget.

What truly sets Stewart's Equipment apart is our unmatched customer support—from knowledgeable advice before you buy, to parts and service after the sale. Our technicians are factory-trained, and our inventory is always well-stocked, so you're never left out in the cold. When winter hits hard, count on Stewart's to keep you moving with the best products and service in the business. Find out what Stewart's Equipment can do for you!

PLOWMAXX

**PlowMaxx is now
available with The
Live Edge on the
wings!**

Available on HD and LIVE EDGE models. The bottom part of the wing can trip if an obstacle is struck.

The cutting edge can trip without creating an impact on the motorized vehicle. Safer for the operator and reduces damage to equipment!

THE TRACTOR ADVANTAGE

*Beat your competition with
efficient, productive equipment!*

BENEFITS

- ✓ 1/3rd the Manpower
- ✓ Less Insurance
- ✓ 3X the Productivity
- ✓ Less Maintenance
- ✓ Fewer Breakdowns
- ✓ Better Resale Value*

COST OF OWNERSHIP + MANPOWER

Cost: \$198,400
+ Wages for 1 operator
@ \$12,900

TOTAL COST
\$211,300

Cost: \$280,800
+ Wages for 3 operators
@ \$12,900 X3 = \$38,700

TOTAL COST
\$319,500

vs.

PRODUCTIVITY

1 Kubota tractor @ \$170,600
with 10 x16 blade @ \$27,800

1 tractor and blade
will do the work of
3 pickup trucks.

vs.

3 Pickup trucks @77,600 = \$232,800
3 Blades @16,000 = \$48,000

*This scenario is based on appraised value of equipment which is dependent on keeping equipment in good condition.

Note: Due to the large number of variables affecting cost there is no guarantee that similar savings will always apply. Cost comparison is a general estimate and only reflects the opinion of Stewart's sales team.

PLOW IT RIGHT THE FIRST TIME!

Do you know about the advantages of a flexible cutting edge?

With a flexible cutting edge the plow contours to the ground, saving you time & money! The even distribution of force protects the surface from the potential damage of conventional blades when they scrape over high spots.

- Reduce salt usage by up to 40%
- Reduce plowing time by up to 20-30% (no need to pass over same area twice)
- Cutting edges last longer due to even wear
- Cleaner road surfaces
- Reduced hard pack
- Less slip and falls
- Environmentally friendly

**DON'T PLOW
TWICE! Learn
what the HLA
EDGEFLEX can
do for you!**

P.T.O. OR HYDRAULIC DRIVE*

Electric drive available

- Capacity: 6 1/2 cubic feet
- Spreading width: 40"
- 5.4 km spreading distance
- For 20-40 hp tractors
- Box dimensions (L, W, H): 26" x 47" x 26"

Bauman 1040B Self-Loading Bucket Sander

SS quick attach **\$6,385**

Add \$1,793 for 3PTH mount

HYDRAULIC DRIVE*

Equipped with hydraulic flow control valve

- Capacity: 10 cubic feet
- Spreading width: 40"
- 8.5 km spreading distance
- For 50-80 hp tractors
- Box dimensions (L, W, H): 33" x 49" x 26"

Skid steer
mount
\$5,555

HS100 Scattershot Galvanized Broadcast Spreader

- Hydraulic or PTO driven models available
- 3 point hitch mount
- Hitches to adapt to any loader
- 0.5 cubic yard capacity
- Spreads from 3' to 40'
- Manual flow rate adjustment slider
- Spinner speed control on hydraulic models
- Floating agitator

*Canadian Made
Canadian Supported*

HS200 Hydraulic Twin Rotor Broadcast Spreader

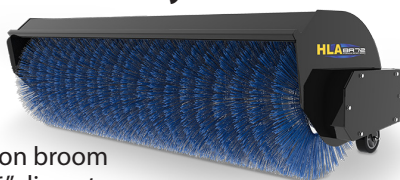

Skid
steer
mount
\$14,055

- 1.5 cubic yard capacity
- Spreads from 6' to 60'
- Hitches to adapt to all loaders
- Twin hydraulic spinners with speed control
- Floating agitator
- Manual flow rate adjustment slider
- Optional hydraulic shut-off gate

BR72/BR84 Hydraulic Rotary Broom

- Hydraulic angling
- Poly gauge wheels
- Lateral float
- Forward float
- Direct motor drive on broom
- Available width: 26" diameter
- Poly wafers or poly/steel wafers
- Sweeper angles 30° left and right
- Electric wiring kit for skidsteer
- 14 pin electric kit

Skid steer mount
72" — \$9,755
84" — \$10,185

3500 SERIES SNOW PUSHERS

MAXIMUM OPERATING WEIGHT:
15,000 lb

- Edge flex cutting edge
 - Slim brace design for reduced material build-up
 - 36" Usable depth
 - 38" High
 - Spring trip cutting edge
 - 2 Year warranty

sales staff today
to power match
the blade size to
your equipment

Features:

- 180° multiple hydraulic side wing positions
- Side wings made from heavy duty steel CHT400
- Heavy duty CHT400 steel multi-section mechanical trip edge ½" x 6"
- 3 adjustable crossover relief valves for hydraulic protection on the side wings and power angle system
- Self-leveling skid shoes on the wings made from heavy duty CHT400 steel
- This system requires 1 set of oil outlets
- Adjustable angulation of the blade
- Lateral floating of the blade
- Powder Coated

Includes:

**Triple electric valve
Selector kit!**

20

*MSRP: Manufacturer's Suggested Retail Price. Installation extra.

Features:

- Universal harness mount works on all major tractor brands
- Lightweight, high-tensile steel design
- Short mounted length—"shorter than a pickup"
- Tire-saver wheel guard
- Infinitely variable containment gates
- Multiple hydraulic side wing positions for maximum capacity
- Double position mounts provide pressure to both ends of abrasion shoes
- Powder coated
- Nitrogen accumulator

PICKUP TRUCK SNOW REMOVAL EQUIPMENT

DISCOVER THE
WESTERN WAY

WIDE-OUT™ Gen 2 Adjustable-Wing Snowplow 8' - 10'

When conditions require maximum snow removal, WESTERN® winged plows are there to accept the challenge. Wing extensions allow you to windrow and scoop snow more efficiently than with a straight blade. Models provide automatic or operator-controlled wing placement to move more snow with each pass. The WIDE-OUT™ models allow the wings to fully retract to fit into narrower spaces as well.

c/w UltraMount™ and LED lights. The Gen 2 features reinforced slide box, larger diameter lift cylinder & increased moldboard size, from 29" to 31" (Includes flowed wings 34")

Pricing**

PRODIGY™ Adjustable-Wing Snowplow 8.5'

The PRODIGY snowplow features an ingenious patented mechanical wing design that automatically positions its wings to deliver maximum plowing efficiency. Whether in straight-ahead scoop mode or angled for windrowing, it delivers multi-position winged plow productivity in a unit that's as easy to operate as a straight blade.

c/w UltraMount™2 and LED lights.

STAINLESS

RIGHT TOOL FOR THE JOB

It's your job to make sure the world keeps moving . . . and to do that, you need ice control equipment you can rely on. The all-new MARAUDER stainless steel hopper lineup is engineered to get the job done right. Choose the best material delivery system for your operation based on the de-icer you commonly use . . . either the all-new HELIXX™ shaftless auger for precise rock salt application or the pintle chain conveyor that's perfect for thick, heavy de-icing materials. Whatever choice you make, you'll get the delivery performance you demand.
